

BRANCH	16-12-2013 (Monday)	18-12-2013(Wednesday)	20-12-2013(Friday)
S.E.	Structural Dynamics	Finite Element Methods	Advanced Steel Design
E.P.E.	Power Quality	Reliability Engineering	Flexible AC Transmission Systems
P.E.I.D.	Power Electronics Control of AC Drives	Artificial Neural Networks	Flexible AC Transmission Systems
THERMAL	Computational Fluid Dynamics	Energy Management	Refrigeration & Air Conditioning
A.M.S.	Finite Element Analysis	Intelligent Manufacturing Systems	Advanced Manufacturing Process
S.S.P	Image & Video Processing	High Speed Networks	DSP Processors & Architecture
C.S.E.	Mobile Computing	Adv. Computer Architecture	Software Design & Engineering
TRANSPORT	Pavement construction Maintenance & Management	GIS Applications in Transpt. Engg.	Intelligent Transportation systems & Planning
ENERGY SYSTEMS	Control systems	Energy Mgt. Thermal Energy Conservation	Optimization Techniques of Energy systems
H W R E	Design of Hydraulic Structures	Environmental Impact Assessment & Management	Water Resources sys. Analysis
Industrial Metallurgy	Adv. Metal Costing	Composite Materials	Modern Characterization Techniques
I E M	Industrial Engineering Practice	Energy Management	Facility Planning & Design
Goe-Tech, Engg.	Geo-Synthetics & Soil Reinforcement	Soil Structure Interaction	Pavement Analysis and Design

Date: 27.11.2013

 VICE-PRINCIPAL
