TECHNOLOGY BASED ENTREPRENEURSHIP DEVELOPMENT PROGRAMME ON ANIMATION & BROADCASTING

(18th Dec, 2014 to 31st Jan, 2015)

Organized by

Entrepreneurship Development Cell
JNTUH College of Engineering Hyderabad
JNT University Hyderabad
Kukatpally, Hyderabad-500 085
Andhra Pradesh

Sponsored by

Entrepreneurship Development Institute of India
Under
Department of Science & Technology
NIMAT (2013-2014)

Entrepreneurship Development Cell, JNTUHCEH

Entrepreneurship Development Cell (EDC) at *Jawaharlal Nehru Technological University Hyderabad, Hyderabad (JNTUH)*, formerly known as *Jawaharlal Nehru Technological University, Hyderabad*, was established in February, 2003 with the support from the Department of Science and Technology (DST), Govt. of India, New Delhi and promoted by JNTUH.

The Government of India has identified 'Entrepreneurship' as one of the principal mechanisms for the mitigation of Unemployment and Under-employment amongst Science & Technology Graduates in the country today. National Science and Technology Entrepreneurship Development Board (NSTEDB), set up in 1982 under the DST, felt that the EDCs, now known as Innovation & Entrepreneurship Development Cells (IEDCs), created in the Educational Institutions would not only help in strengthening Industry-Institute Interaction, but also promote Entrepreneurial Culture in Technical Institutions and Institutes of Higher Learning. In order to make optimal use of Facilities, Expertise and know-how available in the Technical Institutions for the benefit of the society, it has been necessary that appropriate links are established between Institutions and the Industry. Special emphasis has been laid on Entrepreneurship and Self-Employment, keeping in view the present mandate of Trained Manpower that graduate out of Technical Institutions.

Aim & Objectives of the Programme

The Technology Based Entrepreneurship Development Programme on Animation & Broadcasting aims at training the science and technology graduates in building their career as the Entrepreneurs and also towards employability in the field of Animation, broadcasting and website development.

The specific objective is to impart knowledge on animation, video and audio editing technologies. Their application, configuration based on the industry need, Installation, with an objective to encourage educated unemployed youth to take up enterprise.
