JNTUH COLLEGE OF ENGINEERING HYDERABAD

The College was established as Nagarjuna Sagar Engineering College in 1965 by the Government of Andhra Pradesh. When the college was under the administrative control of the Department of Technical Education, it was affiliated to Osmania University, Hyderabad. With the formation of Jawaharlal Nehru Technological University on 2nd October 1972, it became a constituent college of the University and was later renamed as JNTU College of Engineering, Hyderabad. From its inception in 1965 to 1984, the College was located at Masab Tank Campus. In 1984, the College was shifted to its permanent location at Kukatpally, about 20 km from the heart of the City, on Bombay National Highway (NH-9).

The activities of the college are basically supported by the budgetary allocation from the University funds. Specific grants from different funding agencies like UGC, MHRD, AICTE, DST are also sought from time to time for the development of the college. The College has purchased modern and sophisticated equipment worth about 20 crores from the research and development grants received from MHRD, AICTE, DST and TEQIP (A World Bank-aided Project). The college celebrated its Silver Jubilee in 1990.

The infrastructure development in the past two decades in the college has been substantial. After shifting to the new campus in 1984, the Civil and Mechanical Engineering block and Hostel blocks for boys and girls were added. Subsequently Computer Science and Engineering, Metallurgical Engineering, Electrical & Electronics Engineering, separate Civil Engineering, Electronics & Communication Engineering and Library blocks were constructed. The college library consists of nearly 61,414 books, and about 126 Journals and 4000 on-line journals. It also subscribes to 50 Journals every year.

The Industrial Consultancy Unit of the college is very active in offering the expertise of the staff in various fields like Structural Engineering Geotechnical Engineering Survey, Electrical Engineering and Mechanical Engineering. Almost all departments have Computers to carry out Computer Laboratories, Projects, Research and Development work. The systems include Pentiums and work stations. Some departments have very powerful computer systems to carry out special purpose works. A 24x7 Centralized Computer Centre, having biometric entry, has been established which is open to students and staff round the clock on all days including holidays. Important softwares of all the departments are housed in it and can be accessed by the students and staff.
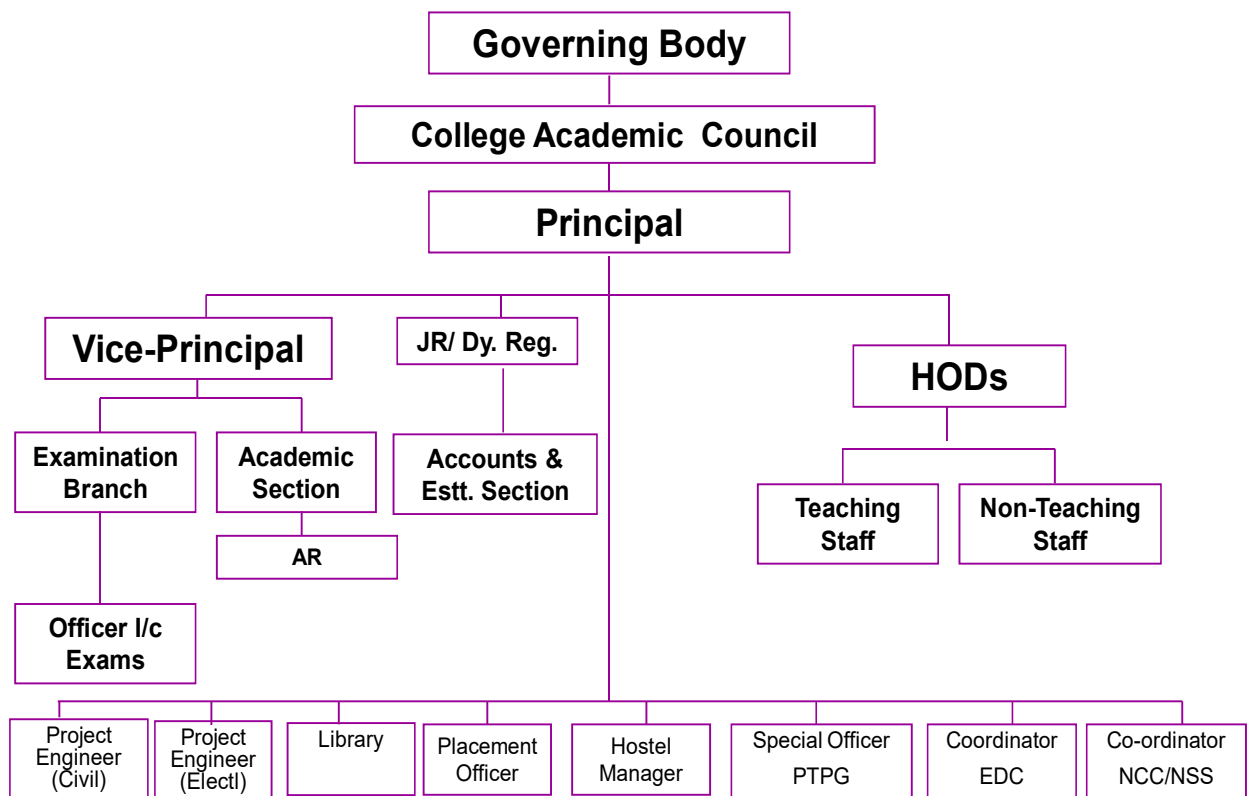

The college presently has 5 hostel blocks namely Manjeera & Kinnera (for boys) and Saraswati, Kamala Nehru & Gayathri (for Girls). The college provides hostel facilities for about 820 boys and 725 girls. Other facilities in the campus include a bank, Post office, Hospital, Canteen, play fields along with a pavilion etc. are available. The college has NCC (National Cadet Corps) and NSS (National Service Scheme) units. Almost 100% of our college students are getting employment through campus placements.

The student branch of IEEE (Institute of Electrical and Electronics Engineers) is very active. The college also has ISTE (Indian Society for Technical Education) chapter.

The Faculty Members of the College also guide Research Programmes, leading to M.S / M.Phil / Ph.D Degree offered by the University.

Besides academic activities, the College is conducting extensive research activities and offering industrial consultancy services to various Government and Private organizations.

ENTREPRENEURSHIP DEVELOPMENT CELL, JNTUH
ACTIVITIES for the year 2014-15

Entrepreneurship Development Cell (EDC) at **Jawaharlal Nehru Technological University Hyderabad, Hyderabad (JNTUH):** Established as per Act No 30 of the Andhra Pradesh Legislature, Jawaharlal Nehru Technological Universities Act, 2008 formerly known as Jawaharlal Nehru Technological University, Hyderabad, was established in February, 2003 with the support from the Department of Science and Technology (DST), Govt. of India, New Delhi. The Cell is recognized as one of best performing EDCs in India sanctioned by D.S.T., New Delhi. The Government of India has identified 'Entrepreneurship' as one of the principal mechanisms for the mitigation of Unemployment and Under-employment amongst Science & Technology graduates in the country today. National Science and Technology Entrepreneurship Development Board (NSTEDB), set up in 1982 under the DST, felt that the EDCs created in the Educational Institutions would not only help in strengthening Industry-Institute Interaction, but also promote Entrepreneurial Culture in Technical Institutions and Institutes of higher learning. In order to make optimal use of facilities, expertise and know how available in the Technical Institutions for the benefit of the society, it has been necessary that appropriate links are established between institutions and the Industry. Special emphasis has been laid on Entrepreneurship and Self-Employment, keeping in view the present mandate of Trained Manpower that graduate out of Technical Institutions.

EDC conducts various programmes to foster the Entrepreneurial spirit amongst the technically qualified Graduates & Post-Graduates from the Faculties of Science, Engineering & Technology and Pharmacy. This is carried out by conducting **Entrepreneurship Awareness Camps** (EACs), which can be both general and Technically-specific in nature, over 2 to 3-Day duration.

An extended version of the EACs is the **Entrepreneurship Development Programmes** (EDPs) and **Technology based Entrepreneurship Development Programmes** (TEDPs) which runs for a duration of 2 to 4-weeks. The aim of both the programmes is to apprise the participants about the various Entrepreneurial opportunities that are existent and the support they can derive from EDC and all the agencies/ organizations which work with us. Participants of the EDPs & TEDPS are usually counseled and a follow-up mechanism is in place to track their progress in their respective projects.

As part of the 'Train-the-Trainer' concept, to further infuse the spirit of Entrepreneurship amongst the students of Science & Technology, EDC also has been conducting **Faculty Development Programmes** (FDPs) for the benefit of the Faculty of the various Private Engineering Colleges under the purview of JNTUH and also participation is invited from all over the country. The FDPs is for a duration of 2-weeks, training to the Faculty who in turn help promote the cause of Entrepreneurship in the Institutions where they are employed.
